

BACKGROUND CHECK AUTHORIZATION FORM

In consideration for a business relationship with Invest Newark, we may make inquiries, including but not limited to your consumer credit history, education, professional licensing, criminal history, your personal character, work habits, mode of living, residency, general reputation, performance, experience and other qualities pertinent to qualifications. Please complete and sign the following form, authorizing, without reservation, any party, including but not limited to financial institutions, law enforcement agencies, state agencies, and private information bureau or repositories contracted by Invest Newark to furnish any or all of the above-listed information. For corporations and other business entities, the above-mentioned inquiry will be performed for both the company and the business entity's members.

Your authorization releases Invest Newark from any and all liability for damages arising from the investigation and disclosure of the requested information. Further, it releases and discharges all liability from companies, agencies, officials, officers, employees, and other persons, who in good faith, provide to Invest Newark the above-mentioned information as requested in order to complete a background investigation successfully. By agreeing to these terms, you allow Invest Newark to use a photocopy, fax, or electronic copy of this authorization.

Electronic Signature

I hereby authorize Invest Newark and its agents to investigate my background and qualifications, as outlined above, for purposes of evaluating whether I am qualified to purchase the property under the Newark Land Bank's policies and qualification requirements. I understand that Invest Newark and its agents may utilize an outside firm or firms to check such information. I expressly authorize such an investigation by information services and external entities of the company's choice. I also understand that I may withhold my permission and that in such a case, no investigation will be done, and my application will not be processed further.
